

Student Laptop Handbook and Agreement for On-Campus Use Only

The Clarksville-Montgomery County School System (CMCSS) is pleased to make laptop computers available for student use during the 2018-2019 school year. Appropriate use of these devices will enhance the college and career readiness of our students.

Please read this entire handbook and agreement carefully. CMCSS students and parents agree to the terms of this Handbook upon receipt of a laptop.

Students entering a CMCSS school in 5th grade through high school will be assigned a laptop computer at the beginning of each school year. The student will check out his/her assigned laptop at school at the beginning of each day and will check it in at the end of each day. The laptop will not be transported home with the student.

EQUIPMENT

Ownership

CMCSS owns all district-assigned student laptops and grants permission to the students to borrow the laptops according to the guidelines set forth in this document and in the Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)). CMCSS staff have the right to collect and/or inspect student laptops at any time, including via electronic remote access, and to alter, add, or delete installed software or hardware. CMCSS staff will never access student laptops for any unethical or illegal purpose.

Equipment Provided

Laptop: One laptop computer will be assigned to each student. CMCSS will retain records of the serial numbers of equipment provided to each student.

Backpack or Laptop Case

- High School students are required to have a backpack with a padded laptop slot or separate padded sleeve to protect the laptop. Students will not be issued a laptop until an appropriate backpack or padded sleeve has been approved by the issuing teacher, administrator, or Technology Department Staff member. A limited number of backpacks can be made available to students upon request.
- Middle School students are encouraged to bring a laptop case/sleeve to protect the laptop as they transport it between classes during the school day.

Substitution of Equipment

In the event that a student's assigned laptop is damaged or inoperable for reasons beyond the student's control, he/she may be issued a loaner laptop to use while his/her assigned equipment is being repaired or replaced. However, the CMCSS Technology Department has a limited number of loaner laptops for this purpose and cannot guarantee that a loaner will be available at all times. Students will be held responsible for loaner equipment as if the loaner was the student's assigned laptop. Additionally, if the Technology Department determines that the student's assigned laptop is damaged or inoperable as a result of student negligence, the loaner equipment will be revoked.

Responsibility for Electronic Data

The student is personally responsible for any data stored on his/her assigned laptop. It is the responsibility of the student to backup data as necessary. Personal data should not be saved using district resources.

Student Laptop Handbook and Agreement for On-Campus Use Only

EQUIPMENT DAMAGE

Technical Support and Repair

The CMCSS Technology Department will provide all technical support for laptops, but cannot guarantee that every damaged laptop can be repaired. No outside technician should be asked to work on student laptops. The student will be held responsible for any repair work done on the laptop by persons other than the CMCSS Technology Department.

Responsibility for Damage

The student is responsible for maintaining a 100% working laptop at all times and shall use reasonable care to ensure that the laptop is not damaged. Students should place a work order for repair or service through the student work order system.

LEGAL AND ETHICAL USE POLICIES

Monitoring

CMCSS will monitor laptop use using a variety of methods, including electronic remote access, to ensure compliance with CMCSS Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)). CMCSS staff will never access student laptops for any unethical or illegal purpose.

Legal and Ethical Use

All aspects of the CMCSS Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)) and the Student Code of Conduct ([STS-M001](#)) remain in effect, except as mentioned in this section.

Filesharing and Filesharing Programs

The installation and/or use of any Internet-based file-sharing tools are explicitly prohibited. Filesharing programs and protocols like BitTorrent, Limewire, Kazaa, Acquisition, and others may not be used to facilitate the illegal sharing of copyrighted material (music, video, and images, etc.). Individuals with legitimate, school-related needs to use these tools must seek prior approval from the Chief Technology Officer.

Allowable Customizations

Students are permitted to alter or add files to customize the assigned laptop to their own working styles (i.e., background screens, default fonts, and other system enhancements).

Laptop Camera

The laptop camera/webcam may be used only for legitimate educational purposes. Students are permitted to cover the laptop camera with an appropriate camera privacy cover at all other times.

STANDARDS FOR PROPER LAPTOP CARE

This section is an important addendum to the Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)). Read it carefully prior to signing. You are expected to follow all the specific guidelines listed in this document and take any additional common sense precautions to protect your assigned laptop. Loss or damage resulting in failure to abide by the details below may result in full financial responsibility.

Student Laptop Handbook and Agreement for On-Campus Use Only

Read the electronic manual found on the desktop of the laptop. Following the advice and the standards below will lead to a laptop that will run smoothly and serve as a reliable, useful, and enjoyable tool.

Laptop Storage and Transportation

- (1) Students are encouraged to store and transport their laptop in their protective case/sleeve.
- (2) Always wait for the laptop to enter sleep mode and then close the lid before placing it in the protective case/sleeve or moving it, even short distances.
- (3) Only the laptop should be stored in the laptop slot of the case/sleeve. Do not store anything else, such as cords, papers, books, etc., in that area as additional items may damage the screen.

General Care

- (1) Do not attempt to remove or change the physical structure of the laptop, including the keys, screen cover, or laptop shell/ casing, except as described in the Laptop Camera section above. Students will be responsible for 100% of the repair or replacement cost in such instances.
- (2) Do not remove or interfere with the serial number, Student Name label, or any other CMCSS identification placed on the laptop or charger/power cord. Students will be charged a \$5.00 replacement fee for each missing identification marker.
- (3) Do not permanently alter the laptop in any way. Students may apply appropriate stickers to the outside of laptop devices as long as they are completely removable.
- (4) Avoid eating or drinking while using the laptop. **Students will be financially responsible for repair or replacement of laptop due to accidents involving food or drink.**
- (5) Do not stack objects or books on top of the laptop, even if the laptop is secured within a backpack or case/sleeve.

Screen Care

- (1) The laptop screen can be easily damaged if proper care is not utilized. Screens are particularly sensitive to damage from excessive pressure.
- (2) Clean the screen with a soft, dry anti-static cloth or with a screen cleaner designed specifically for touchscreens. Cleaning supplies are available in the media centers.
- (3) Never leave any object on the keyboard. Pens or pencils left on the keyboard are likely to crack the screen when the lid is closed.

Equipment Problems & Work Orders

- (1) Students should submit work orders or ask a teacher for assistance with submitting a work order regarding equipment problems or suspected problems to the CMCSS Technology Department.
- (2) When in doubt, ask for help - don't force anything (e.g., connections, popped-off keys). Seek help instead.

LAPTOP USE AND CONDUCT POLICY

CMCSS's primary goal of providing students convenient access to technology is to enrich learning both in and out of the classroom. In particular, technology offers opportunities for exploration and analysis of academic subjects in ways that traditional instruction cannot replicate. However, certain legal and ethical restrictions apply. The use of software, email, and the Internet on these laptops should be for academic purposes only. The following is a list of rules and guidelines, which govern the use of CMCSS laptops and network resources.

Student Laptop Handbook and Agreement for On-Campus Use Only

Passwords

- (1) Students will login to the laptop with his/her personal password.
- (2) Passwords are not to be shared with anyone other than a parent or guardian and appropriate members of the CMCSS Technology Department.

Saving Files and Submitting Assignments

- (1) Files should be backed up weekly while at school in the student's folder on the Active Directory server, on Google Drive, on Dropbox, and/or through use of a student-provided thumb drive.
- (2) When submitting assignments electronically, students are responsible for ensuring files reach the teacher. Forgetting to attach the assignment is not an excuse for late or missing work.

Students must follow the CMCSS Student Code of Conduct ([STS-M001](#)) at all times, and should not use laptops:

- (1) to create, send, access, or download material which is abusive, hateful, harassing, obscene, objectionable, or sexually explicit;
- (2) to participate in cyberbullying or engage in deliberate, hostile behavior intended to frighten or physically or emotionally harm others;
- (3) to illegally download copyrighted Internet-based music, video, and large image files;
- (4) to send file attachments through the school's email system that are greater than 5MB in size (the transfer process can hinder network speed and access by others - if you need to transfer large files, please contact the Technology Department to make special arrangements);
- (5) to alter, add, or delete any files that affect the configuration of a CMCSS laptop;
- (6) to conduct any commercial business;
- (7) to conduct any illegal activity (this includes adhering to copyright laws);
- (8) to access the data or account of another user (altering files of another user is considered vandalism);
- (9) to install unauthorized software onto CMCSS laptops;
- (10) to copy district-owned software (copying district-owned software programs is considered theft);
- (11) to play games, browse the Internet, or chat with classmates for social purposes.

In addition, students may not:

- (1) provide their home address, phone number, or other personally identifying information to anyone on the Internet;
- (2) post anonymous messages to any Internet site;
- (3) forward email commonly known as SPAM, unsolicited commercial email (UCE), or "junk" mail.

DISCIPLINE

Any student who violates the rules of this handbook and contract, the Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)), the CMCSS Student Code of Conduct ([STS-M001](#)), Code of Conduct and Technology Acceptable and Responsible Use Acknowledgement Form ([STS-F021](#)), will be subject to disciplinary action that may include the revoking of laptop usage privileges.

DISCLAIMER

CMCSS uses a Children's Internet Protection Act (CIPA)-compliant solution to prevent, to the greatest extent possible, student access to materials the district deems harmful and to block Internet access to inappropriate sites, including child pornography and obscenity. However, on a global network such as

Student Laptop Handbook and Agreement for On-Campus Use Only

the Internet, information can appear, disappear, and change almost instantaneously, so it is not always possible to predict what students may locate. Sites accessible via the Internet or incoming email may contain material that is defamatory, inaccurate, abusive, obscene, profane, sexually-oriented, threatening, racially offensive, illegal, or otherwise inconsistent with the mission of the Clarksville-Montgomery County School District.

CMCSS account holders, including students, take full responsibility for their access to CMCSS network resources and the Internet. Specifically, CMCSS makes no warranties with respect to CMCSS network resources nor does it take responsibility for:

- (1) the content of any device or information received by an account holder;
- (2) the costs, liability, or damages incurred as a result of access to school network resources or the Internet;
- (3) any consequences of service interruptions.

AN ADDITIONAL NOTE FOR PARENTS AND GUARDIANS

Review this Handbook and Agreement, Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)), the CMCSS Student Code of Conduct ([STS-M001](#)), and the Code of Conduct and Technology Acceptable and Responsible Use Acknowledgement Form ([STS-F021](#)) carefully and discuss each with your child. In addition:

- (1) Discuss ethical use of technology and individual responsibility with your child.
- (2) Keep teachers informed of questions or concerns, and let them help if problems arise.

CMCSS STUDENT LAPTOP HANDBOOK AGREEMENT FOR ON CAMPUS USE

After reviewing the CMCSS Student Laptop Handbook and Contract, the Student Technology Acceptable and Responsible Use Policy ([TCH-A004](#)), the CMCSS Student Code of Conduct ([STS-M001](#)), and the Code of Conduct and Technology Acceptable and Responsible Use Acknowledgement Form ([STS-F021](#)), please initial an understanding of the expectations listed in the chart below.

Student Initials	Parent/ Guardian initials	CMCSS Laptop Usage Expectations
		Middle school students are strongly encouraged to transport laptops in a protective case/sleeve. High school students may utilize backpacks with padded laptop slots or compartments for transporting their devices.
		Students will use laptops for academic purposes only.
		Any and all concerns about laptop maintenance will be reported immediately to a CMCSS teacher and/or the Technology Department through a work order.
		Only CMCSS Technology Department staff will be allowed to dismantle, work on, or repair student laptops.
		Students will adhere to all expectations of the CMCSS Student Laptop Handbook and Agreement, the Student Technology Acceptable and Responsible Use Policy (TCH-A004), the CMCSS Student Code of Conduct (STS-M001), and the Code of Conduct and Technology Acceptable and Responsible Use Acknowledgement Form (STS-F021).
		Any student who violates the rules of this Handbook and Agreement, the Student Technology Acceptable and Responsible Use Policy (TCH-A004), the CMCSS Student Code of Conduct (STS-M001), and/or the Code of Conduct and Technology Acceptable and Responsible Use Acknowledgement Form (STS-F021), will be subject to disciplinary action that may include the revoking of laptop usage privileges.

Student Consent

I have read and understand the rules, expectations, and consequences of misuse (per the CMCSS Student Code of Conduct) for student laptops. I agree to adhere to all rules when issued a laptop.
